Jim Whiting

Jim Whiting's career includes broad experience in financial accounting, budgeting, and tax-oriented strategic planning. During five years with the predecessor to Deloitte & Touche, he worked with clients in manufacturing, real estate development, service industries, and banking. Beyond experience in the traditional tax and accounting services, Jim gained expertise at Deloitte in dealing with the issues confronting small businesses and their owners.

Later, as a controller for a real estate investment banker, Jim implemented consolidated financial reporting systems, installed cash management programs and developed internal accounting controls and procedures to enhance productivity and improve efficiency.

As a member of Krauss Whiting Capital Advisors LLC, Jim manages a variety of engagements including business valuations, assistance with debtor reorganizations, new capital and credit negotiations. His clients include professional practices, distributors and other sales organizations, manufacturing and service companies, not-for profit organizations, various franchises, real estate developers, and high-net-worth individuals.

Mr. Whiting has contributed his expertise as treasurer of several philanthropic organizations in New Haven and Fairfield Counties. A cum laude graduate of Fairfield University and a life-long Connecticut resident, Jim lives in Fairfield with his wife, Daryl, and their two daughters.
